- spirit is the feeling of “us”
the knowledge that we’re special
competing unites us.
losing can’t defeat us.
spirit warms and lights our days
even when we part the glow remains

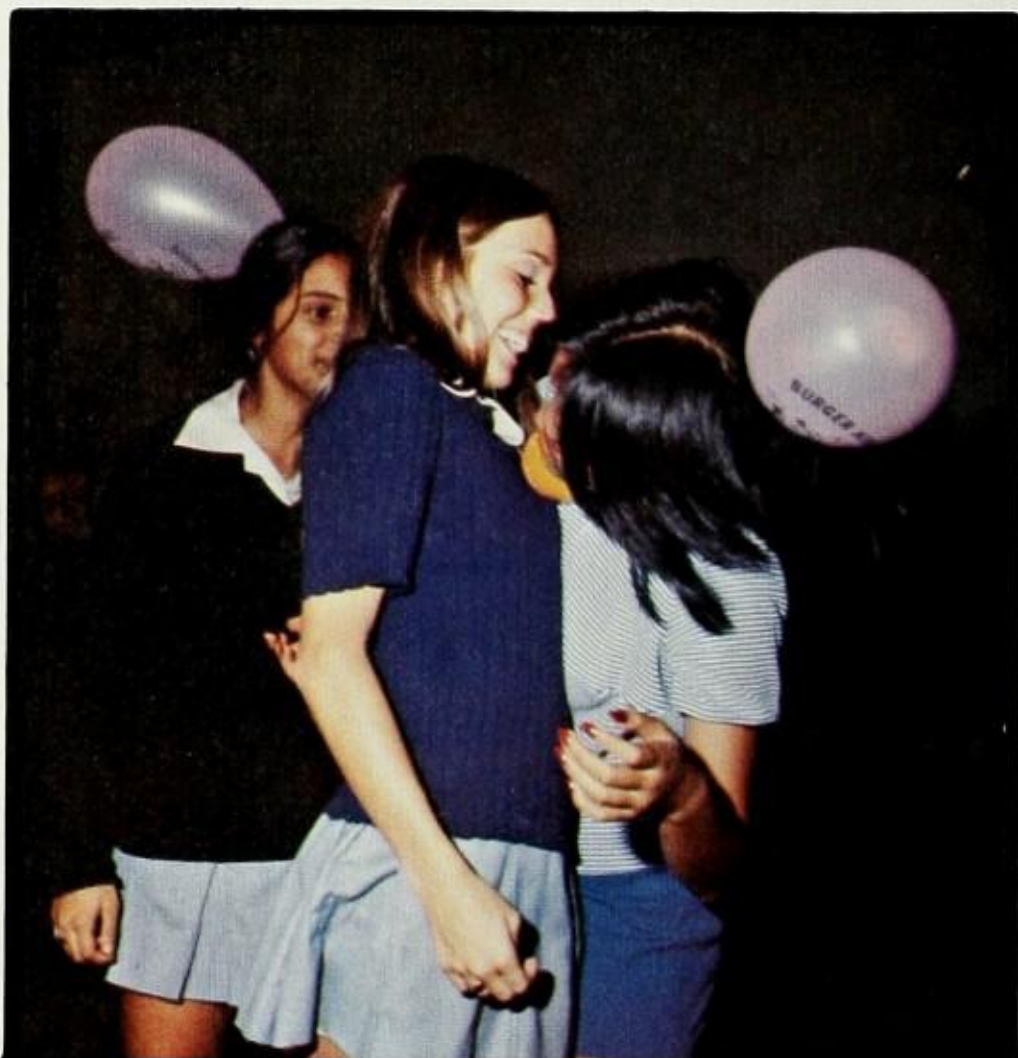

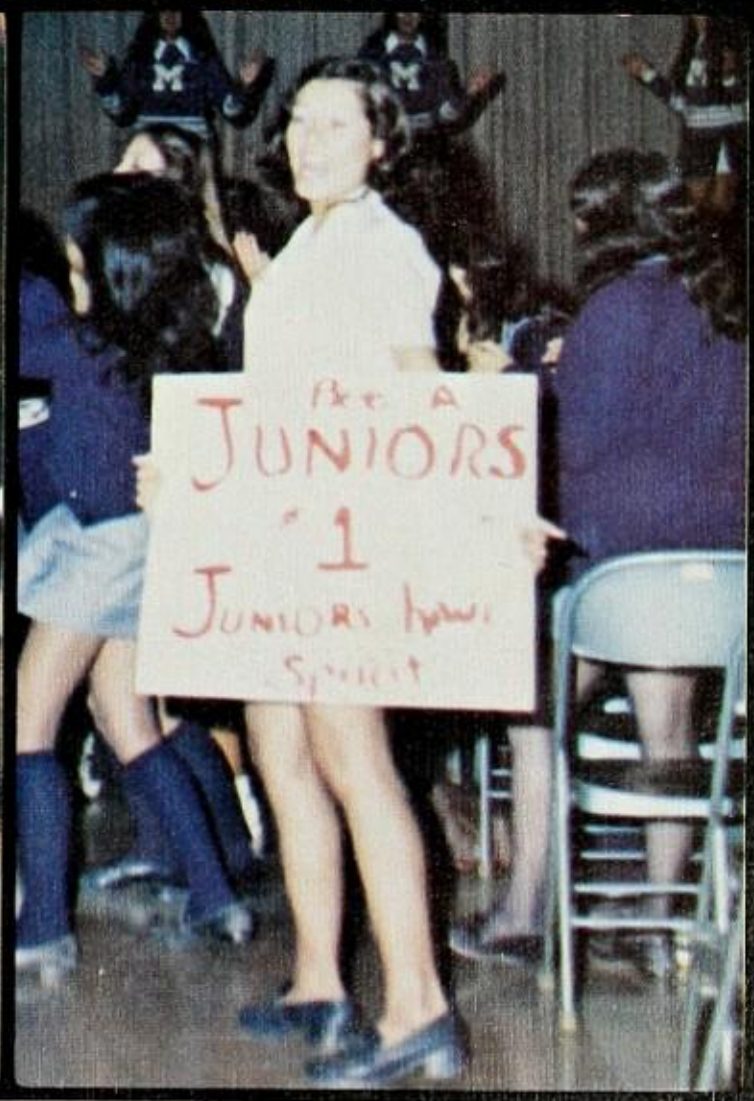

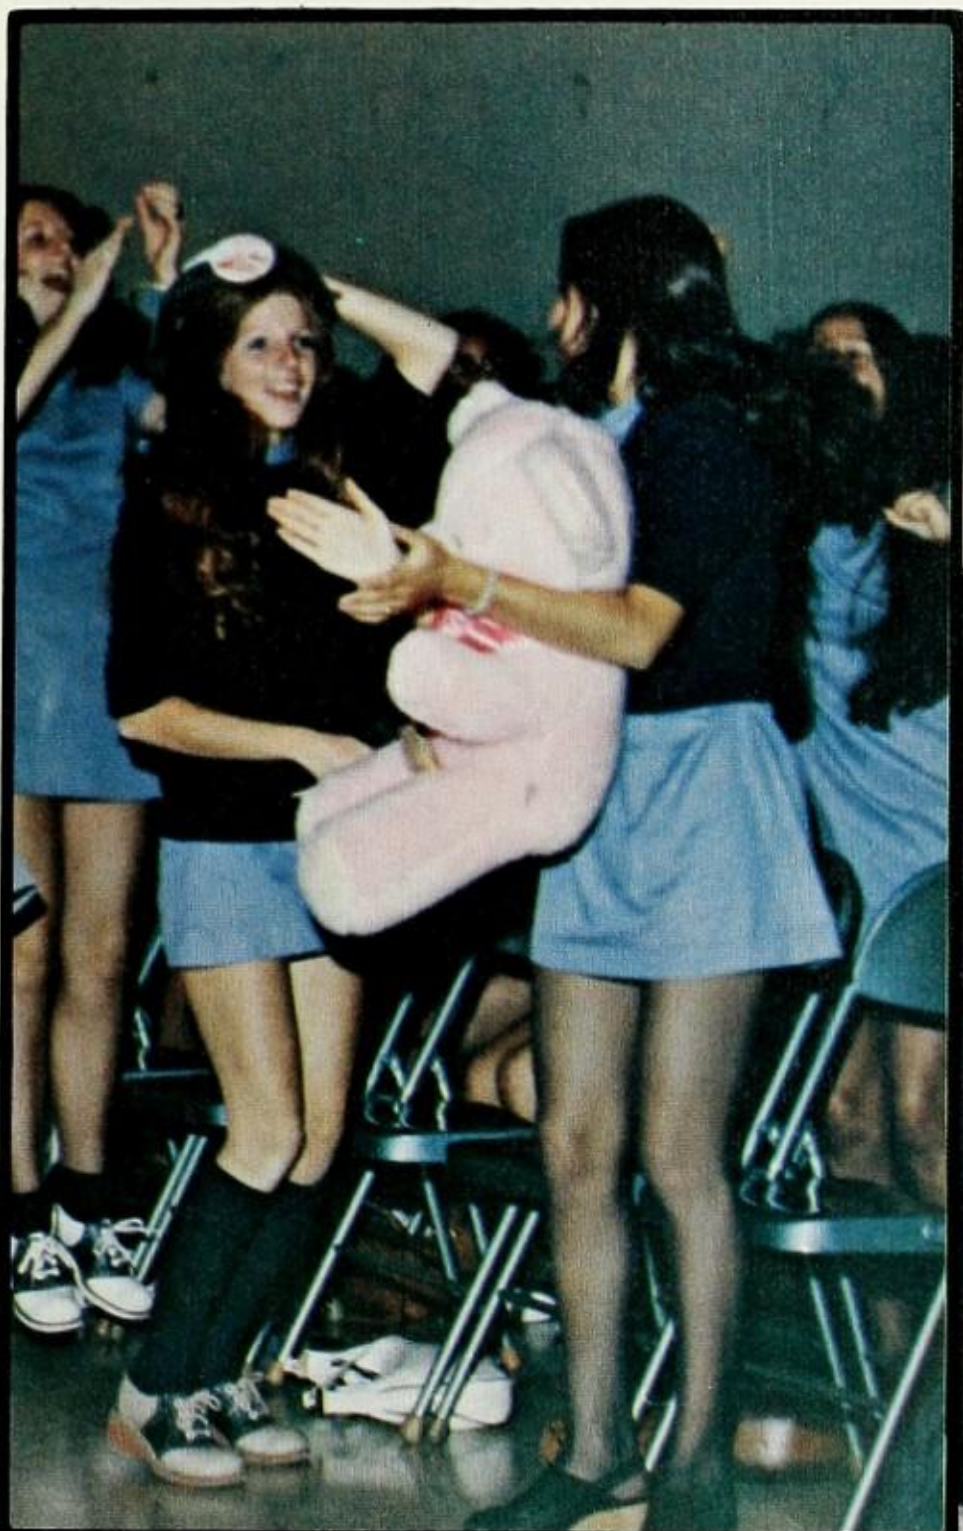

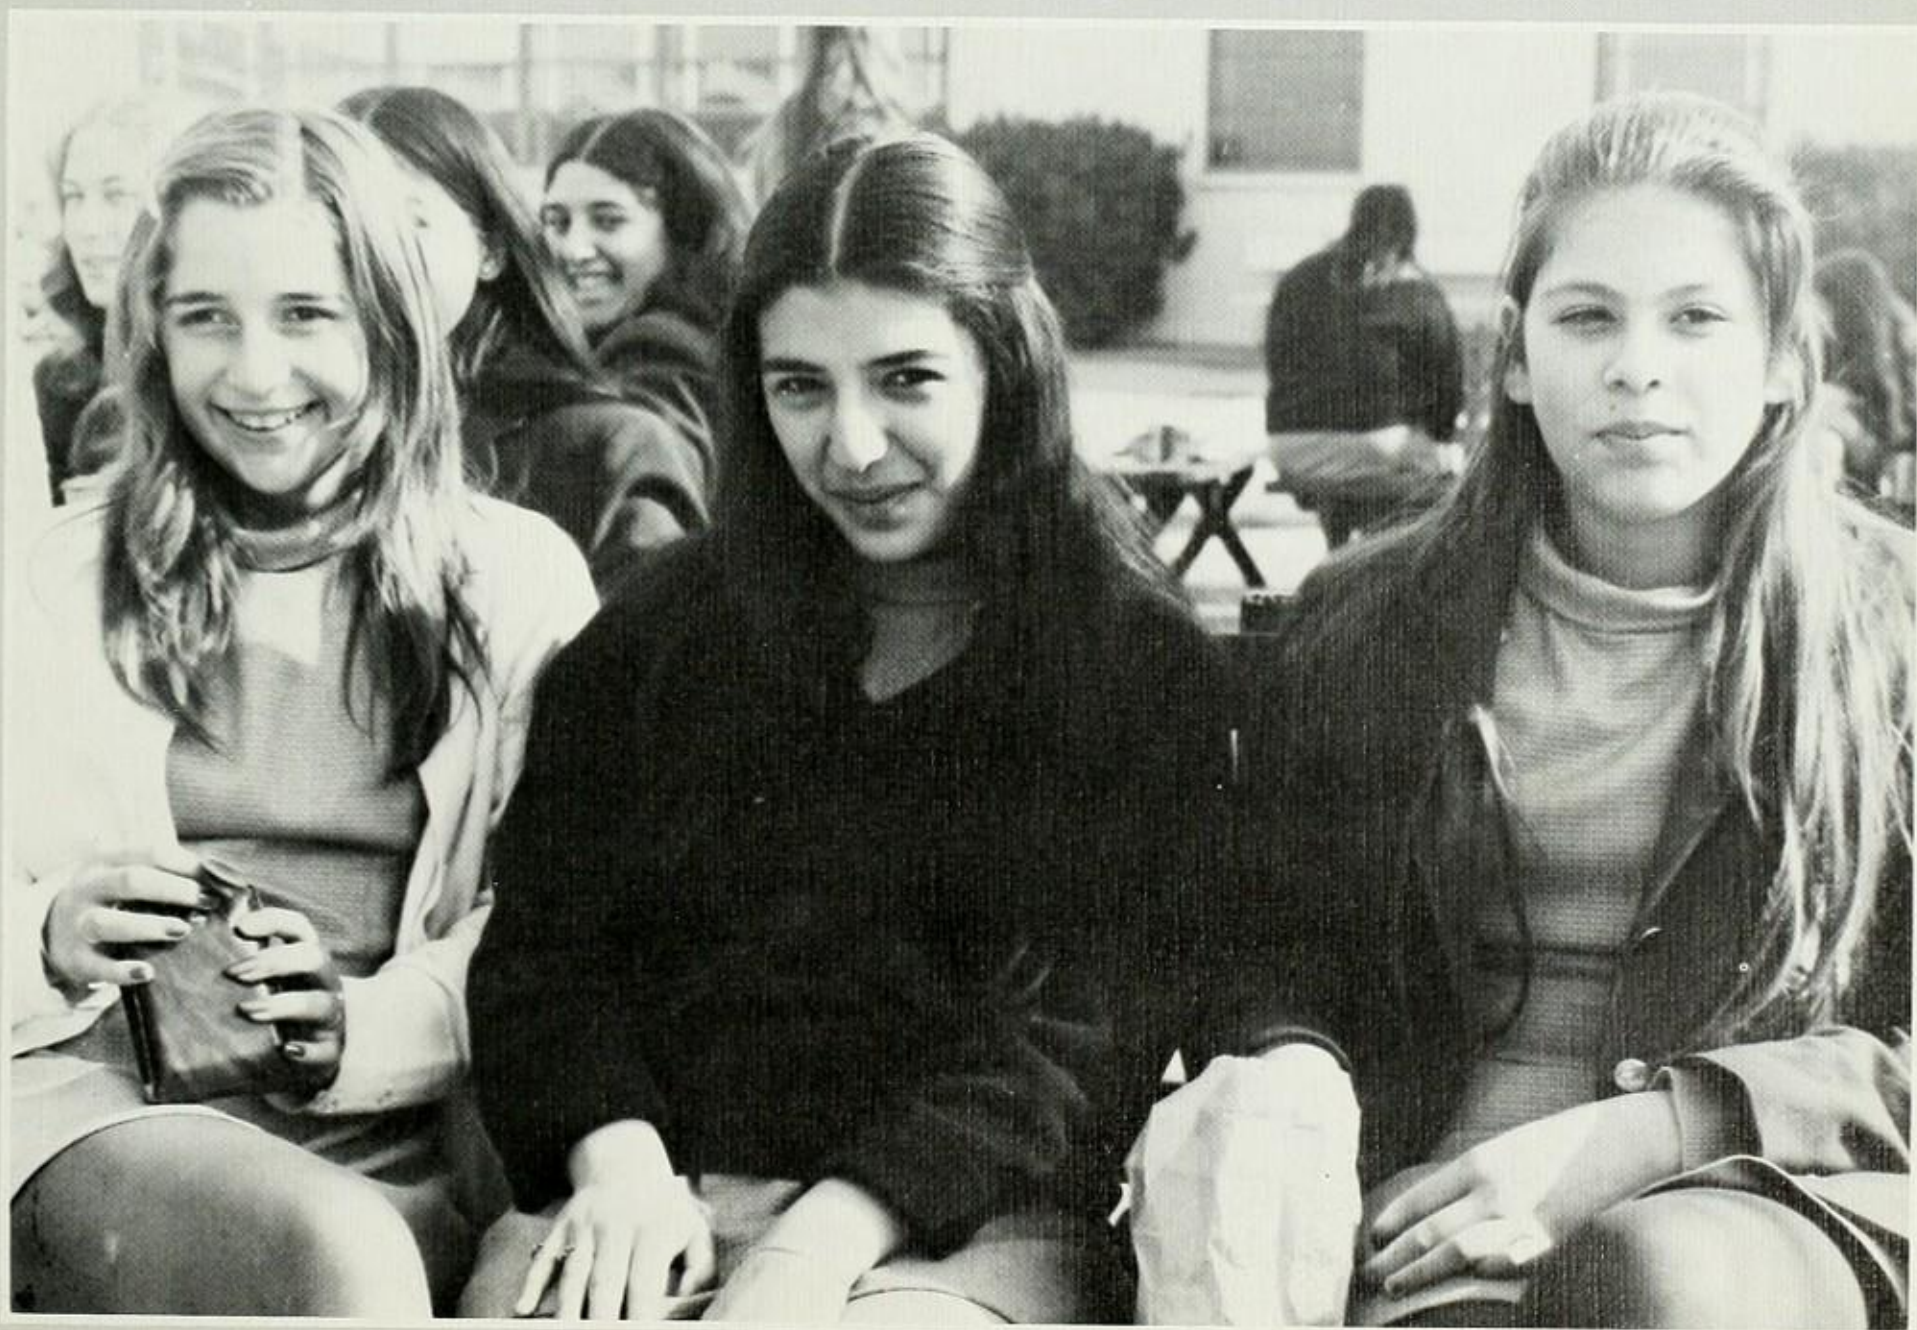

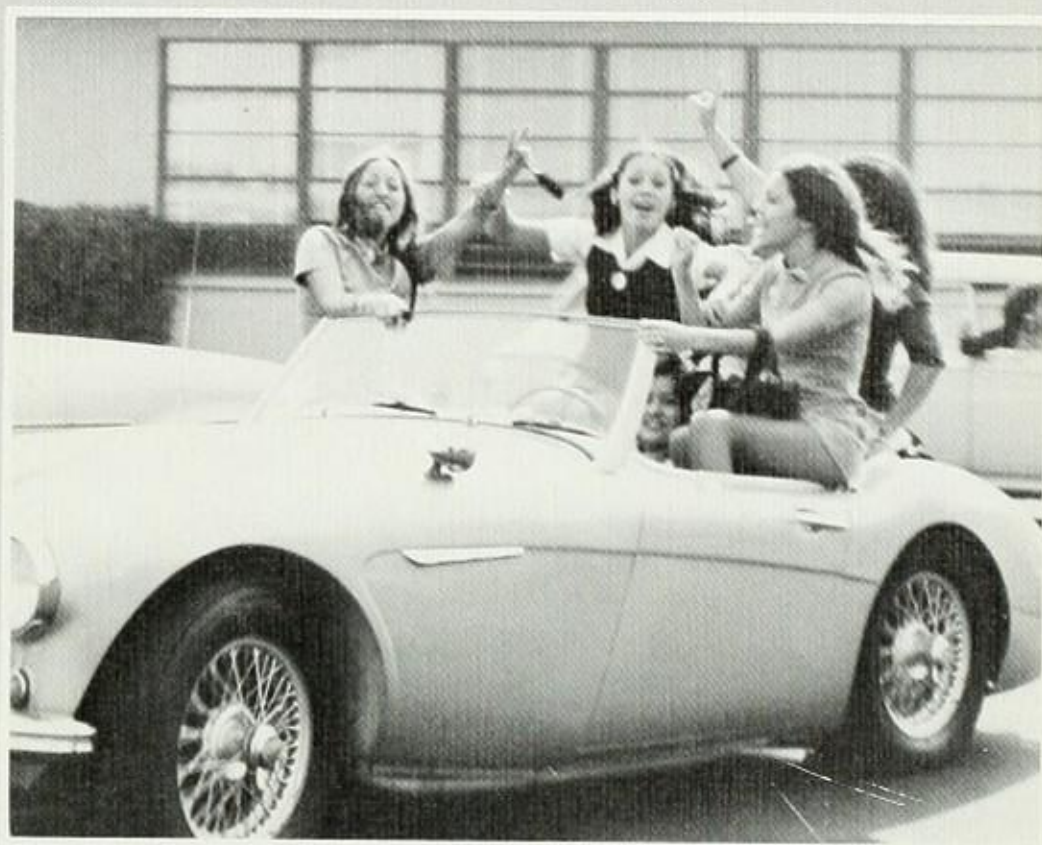

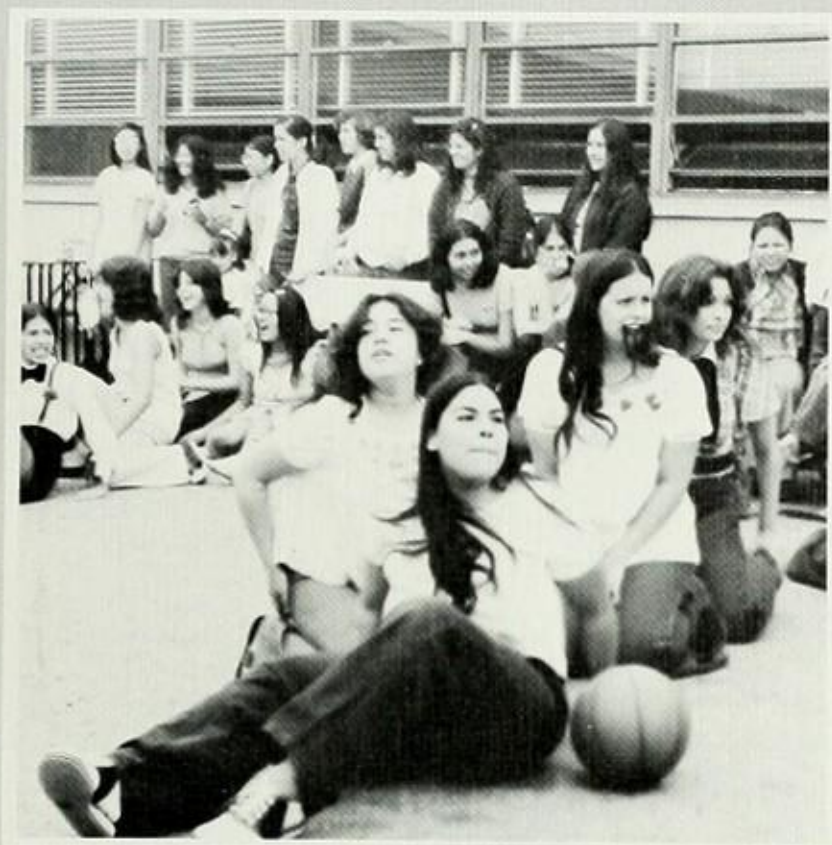

sharing life and it's happiness
it's diversity and confusion
"it was a good time,
it was the best time."
it was all the time, we had.

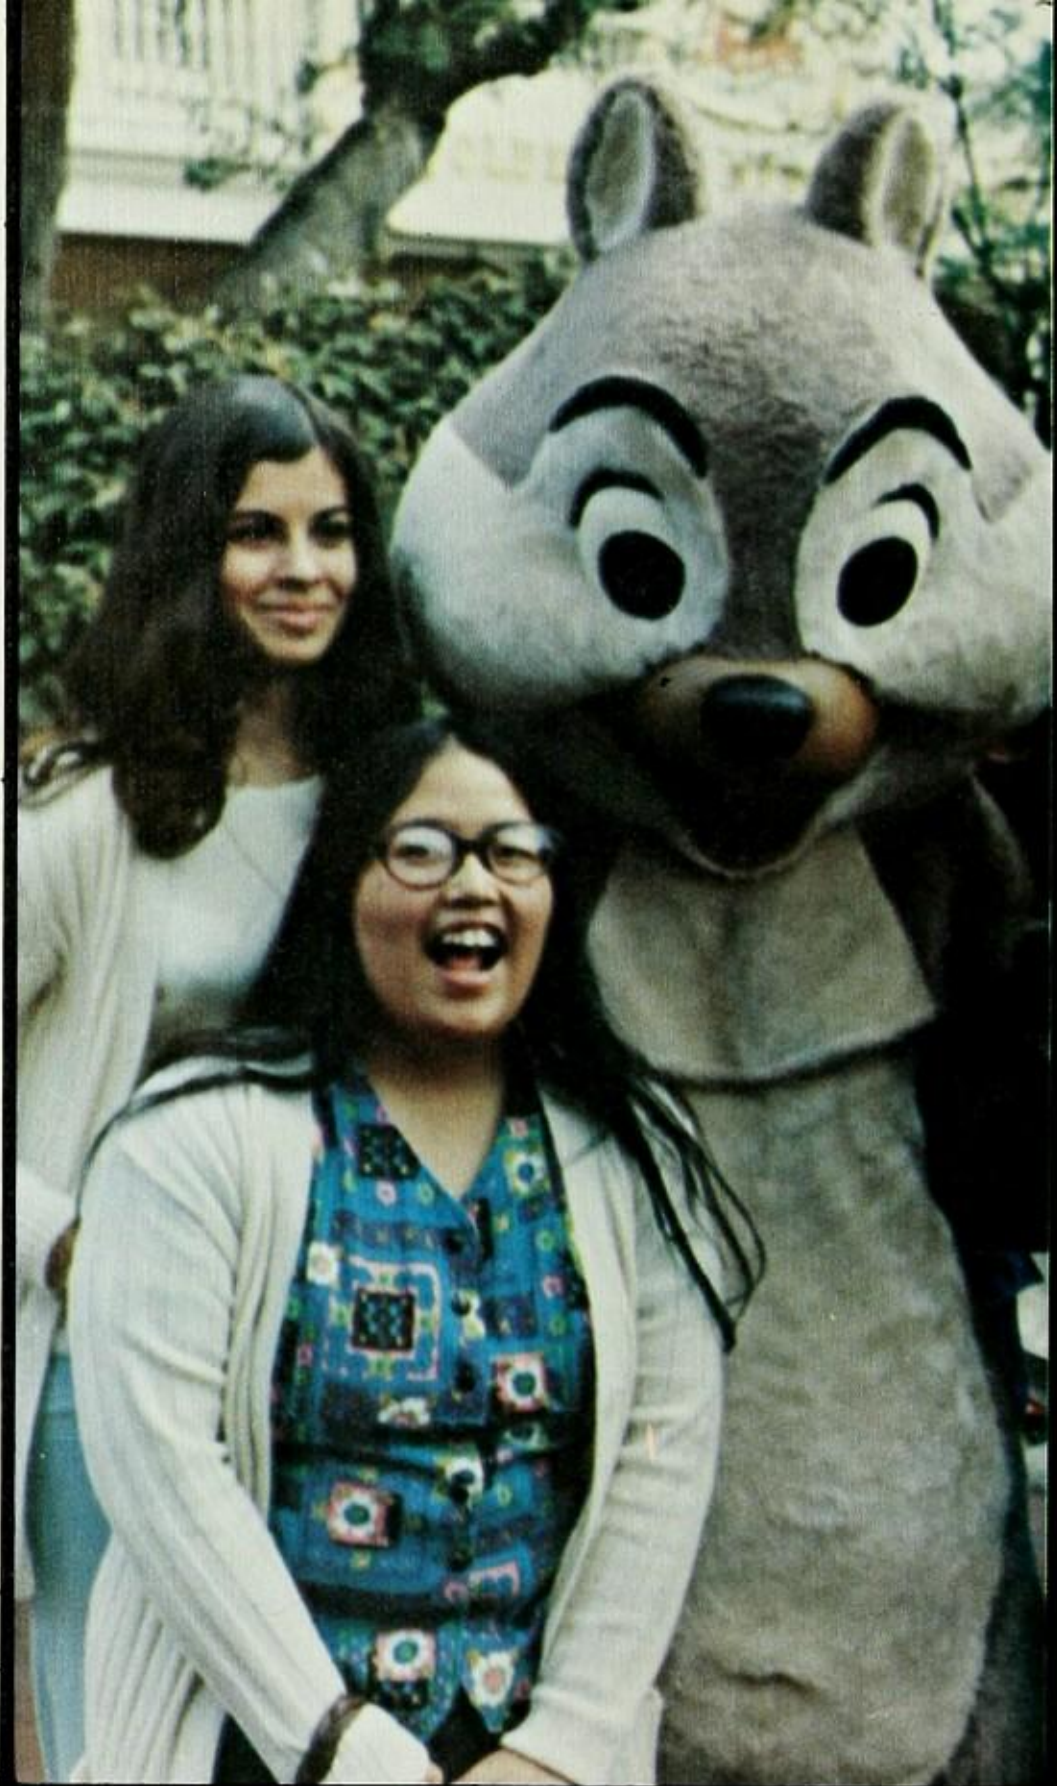

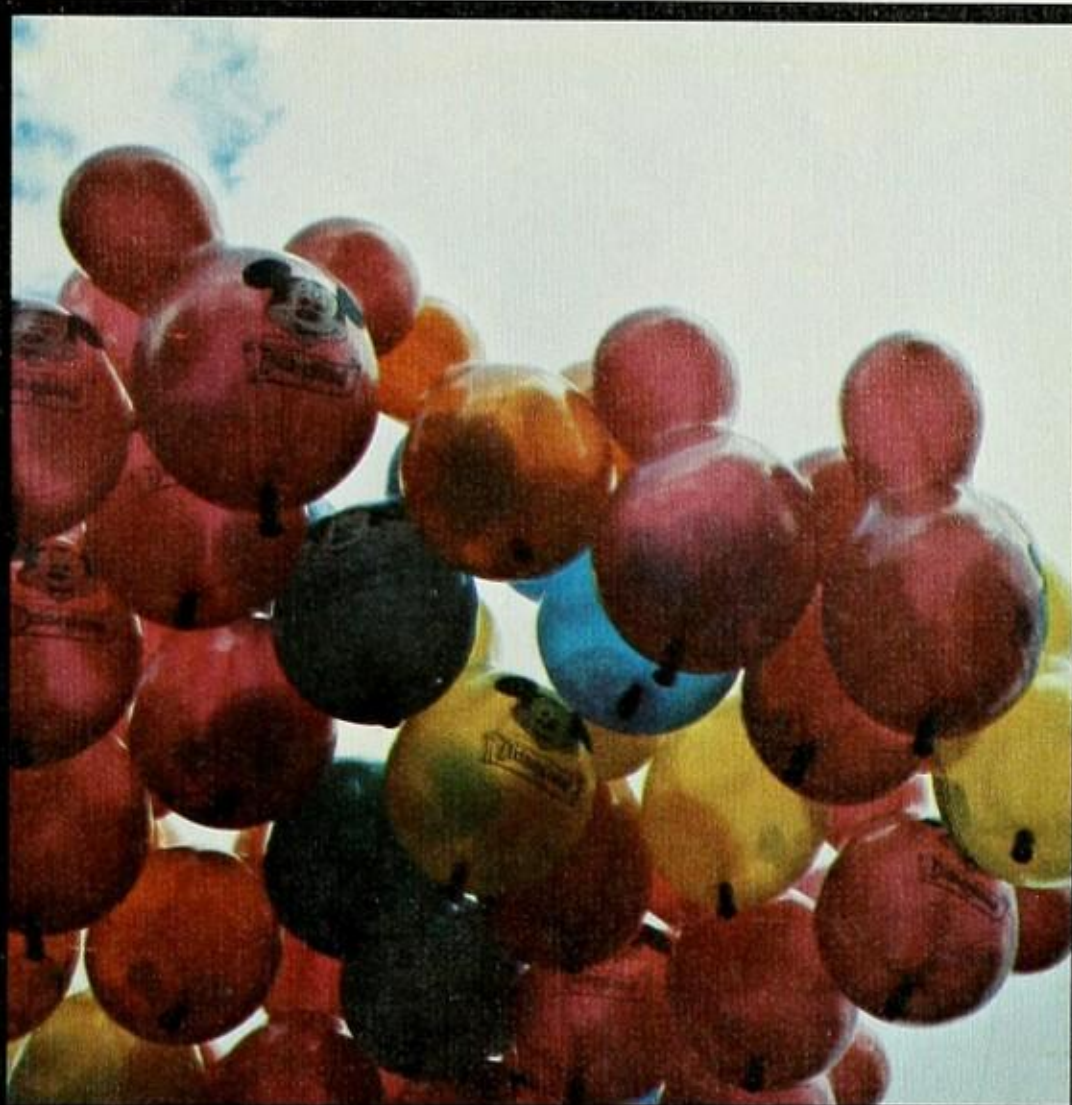

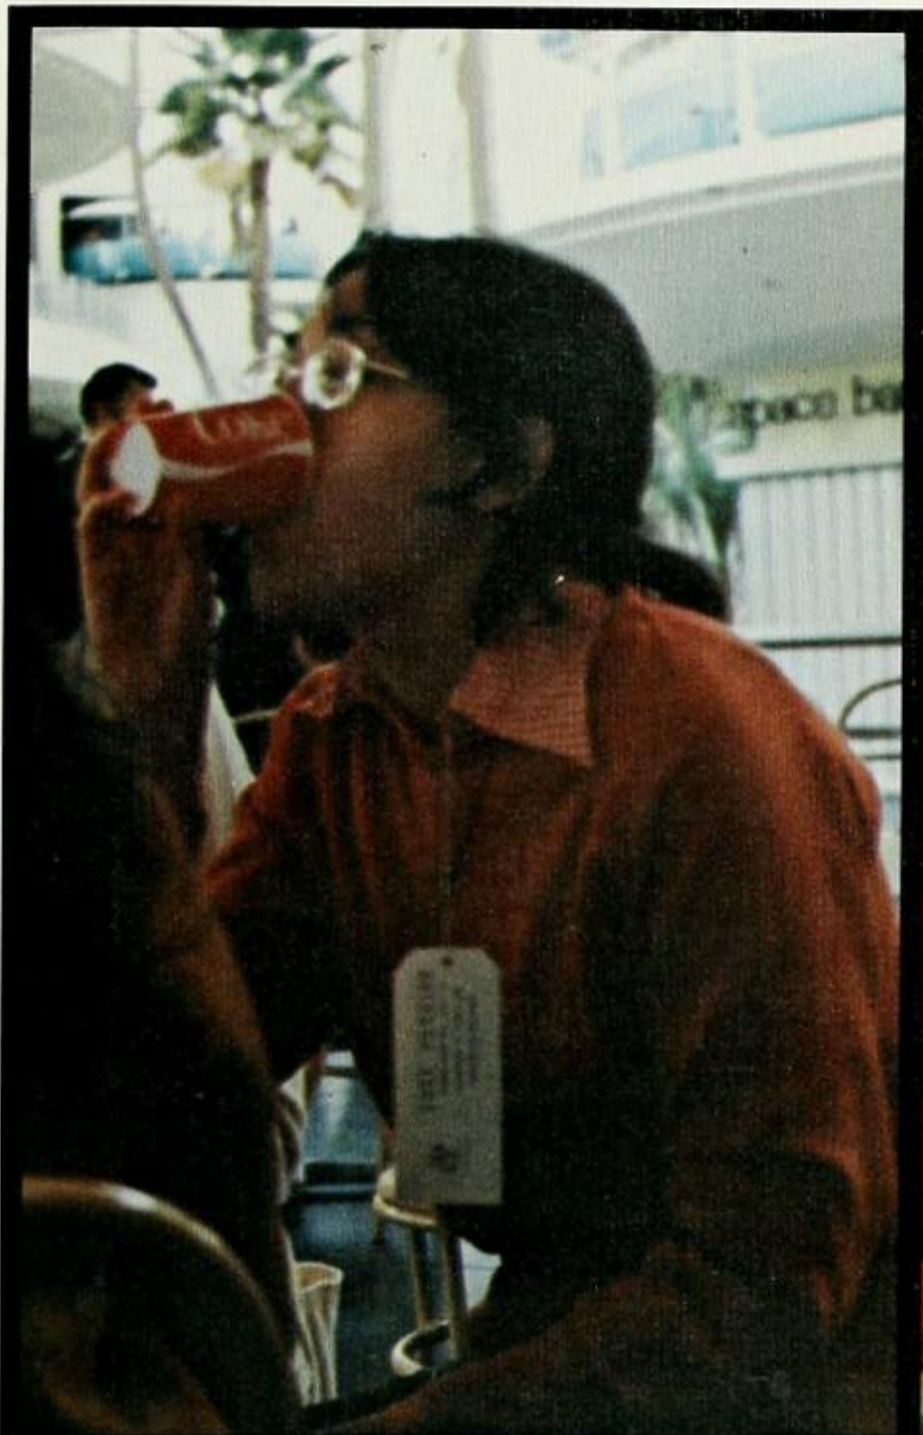

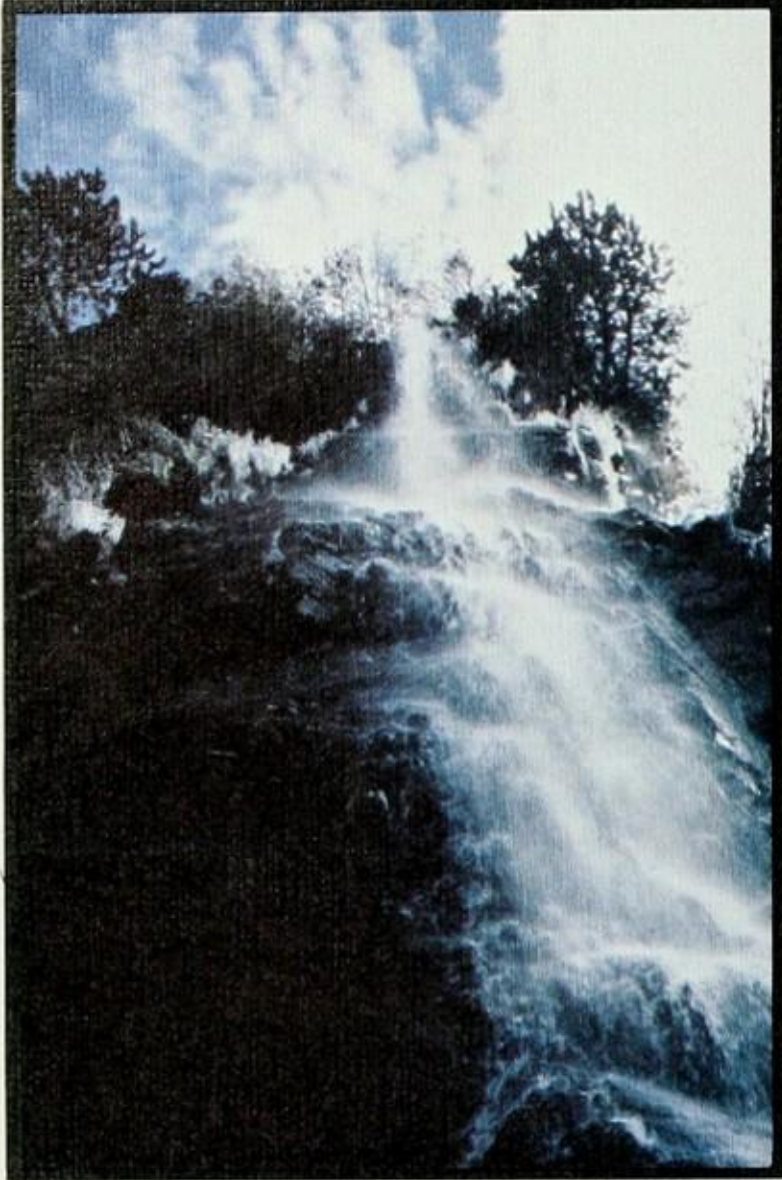

we are always children
our games are the same
just the playgrounds change

traveling together as friends
i'll see the world,
so will you
the road is open to us . . .
take it.
life and friends divide,
but the road stays one
always one . . . for me . . . for you . .

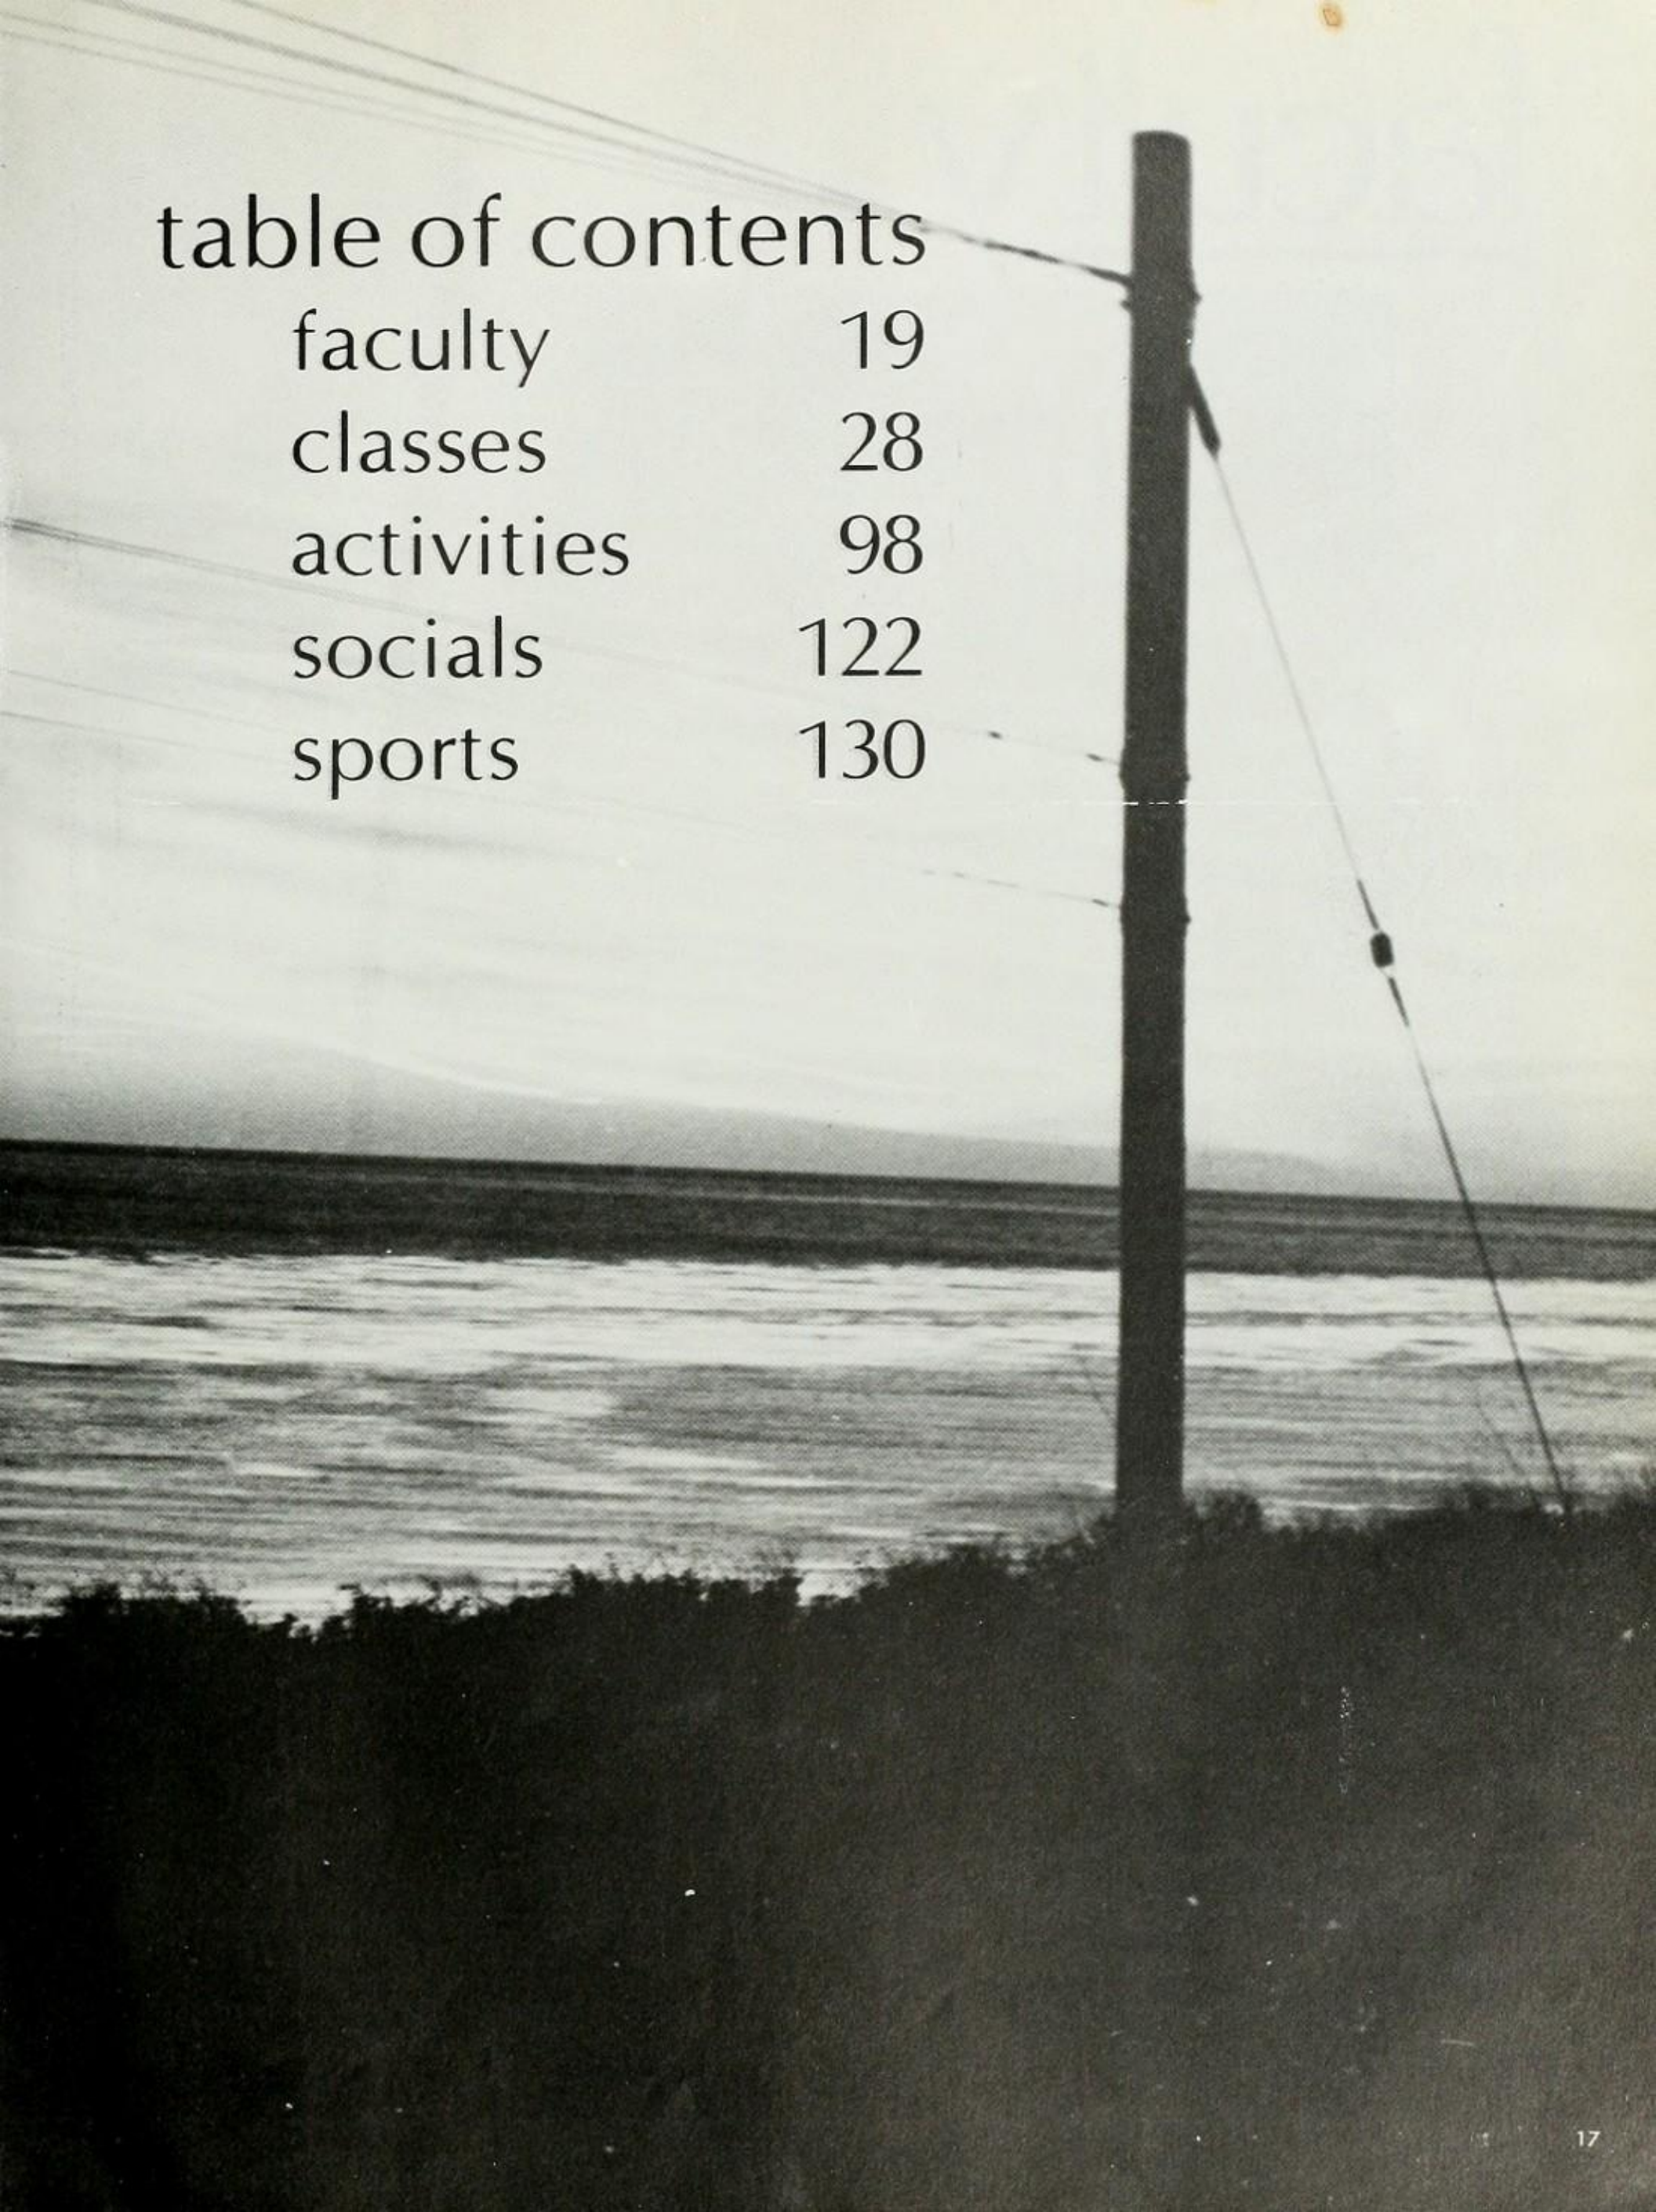

A black and white photograph of a coastal landscape. In the foreground, a dark, silhouetted utility pole stands on the right side, with several power lines extending from it across the sky. The background shows a wide expanse of water, likely a beach or coastal area, with waves breaking. The horizon is visible in the distance under a pale sky.

In the two years she has been principal, Sr. Virginia Marie has helped us to get the most out of Sacred Heart of Mary. Her concern and interest have been tried again and again and has proven her ability to bring out the most in ourselves. Sister has held our community together through problems of recent years. More than that, she has succeeded in widening our views. The learning experience of Sacred Heart now offers the student body more opportunities to be themselves.

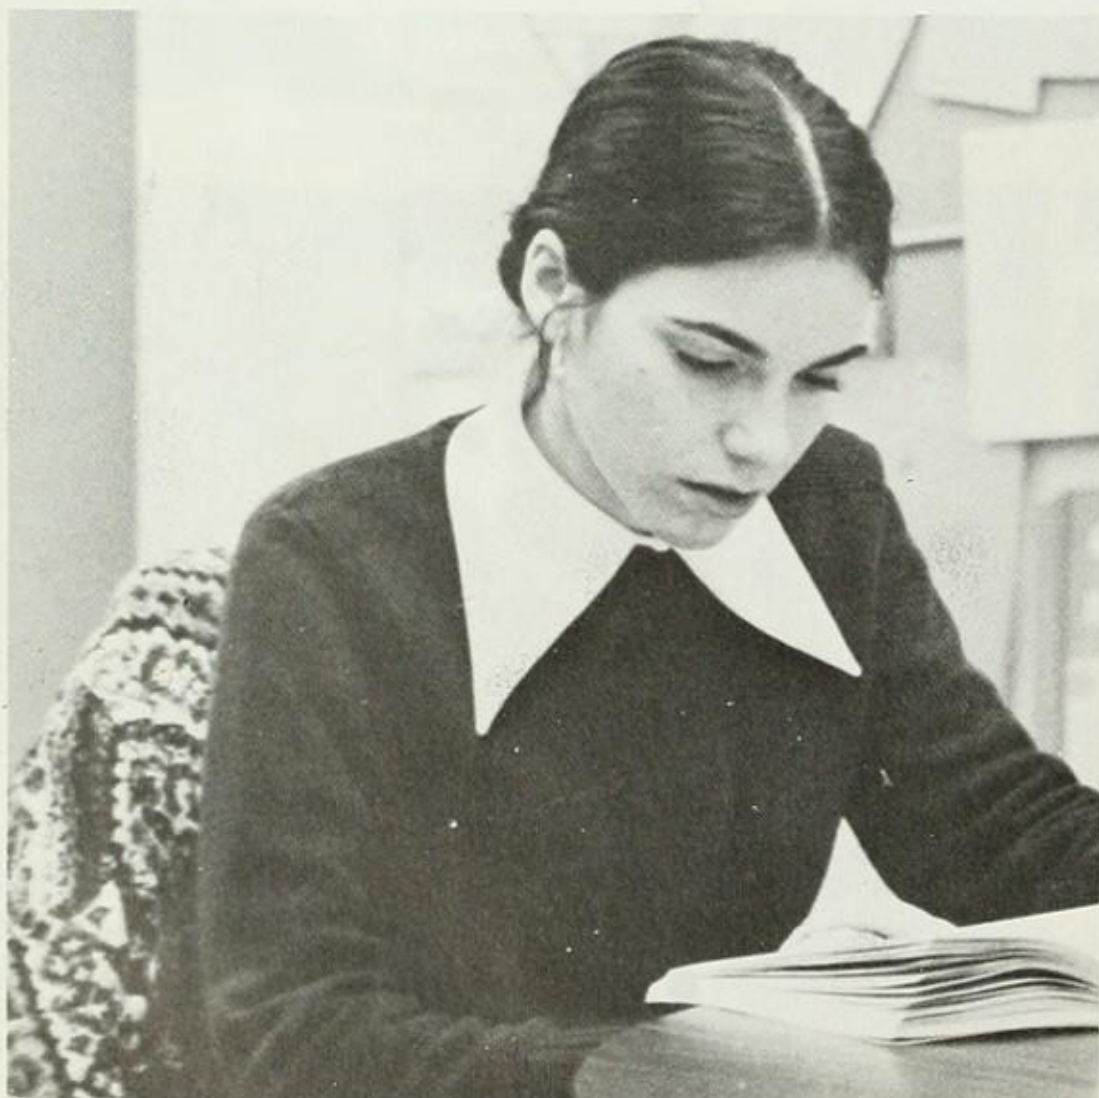

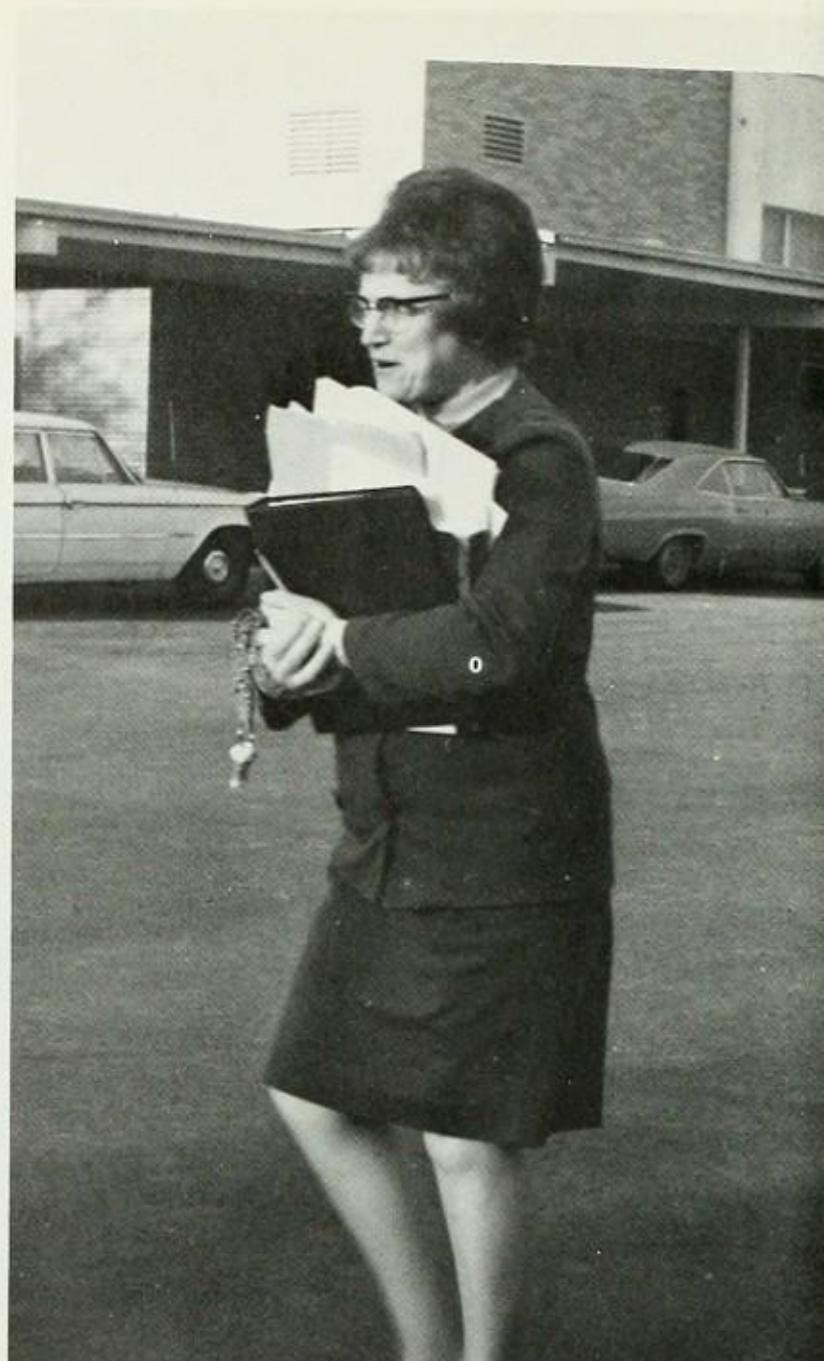

A warm welcome is extended to the new vice-principal, Sr. Geraldine. Despite a three year absence, she has quickly re-established herself at Sacred Heart of Mary. Besides being homeroom teacher of 102, teaching, and moderator of student council, Sister is always willing to give extra time to listen to students and help them with any problems. Her active involvement has served to introduce her to many of the students.

Seniors

In 1970, a scared group of freshmen entered Sacred Heart of Mary. Our first year was spent making new friends, feeling lost and changing inside and out.

Now in 1974, a scared group of seniors must leave SHM. Our last year has been spent growing closer to old friends, feeling lost and changing inside and out.

The years in between have really sped by. Our seniors helped us feel welcome during our first year of high school. They greeted us with "Froshmas", celebrated by re-writing an old Christmas carol and giving us candy. With their support, making our way through our very first candy and ticket drives was easier. Yet we didn't realize how much they had meant to us and how much we had counted on them, until that tearful day when they graduated.

Sophomore year brought us our first date dance and the knowledge that we were truly part of a community here. We spent endless hours decorating for Spirits weeks, our Sophomore Dance and Pan-Am day. Many of us became involved in the Cantwell-SHM musical, "Guys and Dolls". By then we had become fully initiated in the spirit of enthusiasm and friendliness that is a unique and important part of SHM.

Our Junior year was full of bright memories. Pan-Am saw our first great victory. However, Ring Day is what will always make our third year special. After a beautiful mass, everyone excitedly showed everyone else her ring. The class slumber party that night was a zany marathon of games and pranks. We regained our decorum in time for the prom at the Bel-Air Country Club. We impatiently looked forward to class day when we would be able to sit in the senior section and be Seniors!

Upholding senior tradition we made a clean sweep of our last candy drive. Our day at Disneyland proved to have been worth waiting for. As we prepare for Pan-Am and Field Day, we hope to leave our freshmen with the appreciation we feel for our school, teachers and friends.

"And in the end, the love you make is equal to the love you give"

Thee Junior Class

"MEMORIES ... LIKE THE CORNERS OF MY MIND. MISTY WATER COLOR
MEMORIES . . ."

Time passes quickly for us and memories surround us. Memories of times and places where good and bad, tears and smiles hang tucked away in the closets of our minds. Still they are always there and we collect them as time continues to carry us through life. I can remember good times.

"Scattered pictures of the smiles we left behind. Smiles we gave to one another . . ."

Why I can almost see it again, all the trouble we seemed to encounter. Remember the tests, and those finals we took together in the cold auditorium always with the fear of failure and the hope for success. And the dances and activities we were always involved in! Those! Those were the good times. Now the future lies ahead for us. It is ours to take and form into the lives we choose to lead. We look forward to life and what it may hold.

"Memories . . . may be beautiful and yet . . . what's too painful to remember, we simply choose to forget."

Time will lead us to the day when Seniors must leave. How sad it is when friends must part. We wish them luck and all the happiness in the world.

"So it's the laughter we will remember. Whenever we remember . . ."

Next year we will lead Sacred Heart of Mary. We don't say goodbye to the Seniors, but they have to move on so we can fill their shoes and live up to new obligations. But we still have another year at S.H.M. And as long as we have each other in friendship nothing can overcome us. We're a unit, we are one. Together we'll share Ring Day and Night, the excitement of our first prom, the anxieties of the days ahead and the confusion of the world as it stands today. And when we are older, we'll still have those memories, whenever we wish to remember . . . the way we were . . .

Sophomores

As Freshmen, we quickly became a part of SHM. Including such incidents as forgetting locker combinations and walking into the wrong classes, that year holds memories we will always treasure.

Now, as Sophomores, we realize that time and memories are something precious. But memories are not the only things that bind a class together. It's their spirit. And the spirit of '76 glows in each and every one of us. It showed in the candy drive. Selling case after case not only expressed our spirit, but drew us together in an effort to come out on top. And we came pretty close. Winning second place was reward enough for all our ruined complexions.

Our Sophomore Dance is another treasured memory. With the theme "A Marvelous Night For A Moon Dance," it was indeed a marvelous night. The Queen and Princesses looked radiant as they danced among the crowd. It was a memorable night; a once in a life-time experience.

Rushing through these active years we find ourselves involved in many more things than we deemed possible. And there are many more yet to come. But all in all, the Sophomores are proud to say that the spirit of '76 will live on and on . . .

Freshmen

"Looking for a way to say the things
I think about day by day
Listen to their meanings if you can
I may step outside myself and speak
As if I were someone else
That's one way I know you'll understand . . ."

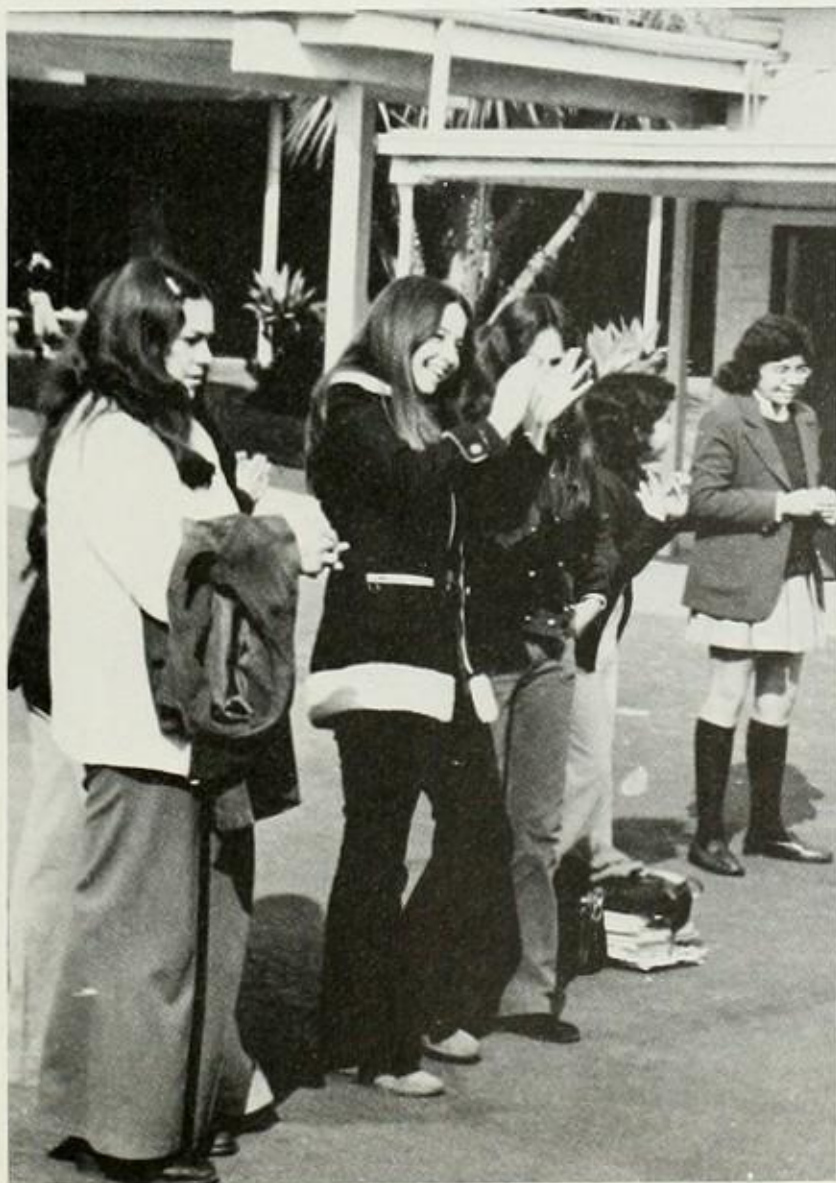

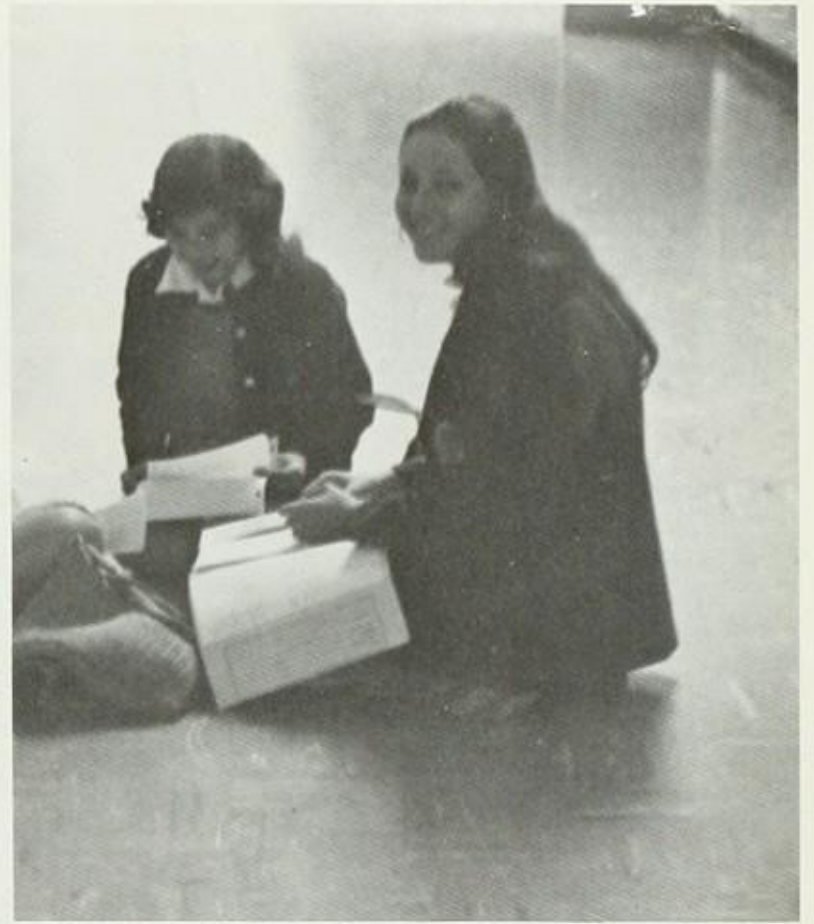

Upon entering Sacred Heart of Mary last September, little did we know what to expect. While in the midst of many unfamiliar faces, we didn't know where to go or quite what to do. Luckily, there was always a friendly "Hello" filled with sunshine and someone there to help you out just when you happened to need it.

It wasn't long before we were united into one. "Day by day," sharing one another's joy, we became closer and closer.

Much to our surprise, the school year is coming to an end. Looking back, we will always remember the warm welcome we received during Freshman Initiation Week. Many activities such as pep rallies, the candy drive and the competition during field day made school not only school, but rather a place you wanted to go to.

In the years ahead, we will be looking forward to meeting new people and making new friends. Moving onward and upward, we will conquer the unbeatable because we are FRESHMEN!

". . . Now that I've expressed my soul
I'll step back into my real-life role
And hope I've brought you back across the line
You may think there's nothing you can do
To change what's all too true.
But all you have to do is use your mind."

activities

drama

It has been three years since SHM has gotten together with Cantwell to form a Drama Club. For this we thank Br. Noonan. Working right along with him are the respective club presidents, Sheila Flavin and Pat Odou. This year has been an exceptionally busy one right from the first week of school.

A new type of entertainment called Storytheatre was attempted. A group of five boys and five girls formed the Traveling Troupe and performed for various organizations throughout the year. The Drama Festival also introduced new types of drama to the students. Young actors tried their hand at pantomime, improvisation, and various group scenes.

An original musical "A Little Sky Magic" was the next production. Written by Br. Noonan and Dave Brisbin, it was performed for several grammar schools in early December. Our spring musical "How to Succeed in Business Without Really Trying", starring Stephanie Chavarrio and Lorraine Baltazar, was a great success.

Special thanks to Mrs. Mildon, SHM moderator, Br. Petit, Br. Heustis, and Br. Kowaleski, who have all worked to make our production a success.

miss valentine 1974

In an effort to stimulate spirit at SHM, the Senior Class convinced the administration that choosing a Miss Valentine would help. The idea was to find girls who got involved in the different activities around the school. Eleven semi-finalists: Nan Maldonado, Terry Lopez, Lisa Dyvig, Cecilia Diaz-Infante, Terri Riley, Raquel Legaspi, Mary Ann Garcia, Pat Mall, Sandy Montoya, Marie Solorzano, and Cynthia Machuca were selected by their respective homerooms. As the festivities commenced, Master of Ceremonies, Mr. Zimmerman introduced the eleven girls to the audience, who were also favored with a special appearance by Vicki Star, and the presence of June Loveheart. As the judges deliberated, the faculty performed as a Kazoo Chorus while Mr. Zimmerman sang "Washington at Valley Forge." They were followed by the Senior Class' own "Sweetheart Dancers" who hotfooted it to "Alley Cat." A faculty skit developed by Betty Herman and Dorene Wagner, portraying a typical day at SHM, was next. The judges finally reached their decision, and the four finalists were introduced to the multitude. They were: Raquel Legaspi, Sandy Montoya, Terri Riley, and Marie Solorzano. While the judges wrestled with their decision, Mr. Zimmerman, supported by Lalani and her Wacky Woo's, serenaded the finalists with that tender love song from the islands, "Ukelele Lady." After this, the judges rejected any furtuneful enterprises, and presented Mr. Zimmerman with the name of the winner. Marie Solorzano was chosen Queen, and took her walk down the runway of honor, while photographers popped her picture and the school tumultuously applauded the Queen.

This year's Halloween party was held at our own S.H.M. complete with entertainment provided by the "Power House", food to be eaten and booths of games to be played!

The Seniors produced a "Hall of Terror" for the entrance, while Juniors foretold the future, Sophomores captured victims in a jail booth and the Freshmen's booth of confetti eggs seemed to catch most people by surprise.

Although most of us missed our night out "trick-or-treating", we will still look forward to another fun-filled evening next year.

candy drive

At SHM there are two things that are inevitable: tuition and the Candy Drive. Each year the Drive is heralded by a rally held between the classes, each proving themselves to have the most spirit. The whole object of this frenzied activity is to sell as many cases of that luscious World's Finest as possible so that the winning class can take a day off from their studies to troop on down to Disneyland. Each class more than willingly sets off, standing endless hours in front of stores, wearing their loafers to a mere frazzle in hopes of selling the most candy. This year, the senior class proved their salesmanship and with their tired, aching feet gratefully accepted first prize: a free trip to Disneyland.

It's a senior privilege to unload the boxes of candy.

Spirits run high during the candy drive.

liturgical

In order that our worship may be alive and meaningful it must be a true expression of the people.

We experience many miracles at SHM. We perform various experiments in music with success and failure. What is important is that there is a hearty response from the people. We begin to become friends. This is expressed in the beautiful kiss of peace given at every Mass in which we honestly say:

Peace be yours.

student council

The student council is the student arm of ruling power structure within SHM. Their duty is to translate into actions the policies developed by the school administration. They meet weekly in the school library where their plots to take over control of the school are thwarted by their moderator, Sr. Geraldine.

junior miss

The Junior Miss Pageant is organized by the Montebello Jay Cees, a group of young businessmen. Girls from Schurr, Montebello, and SHM High Schools are invited to participate. This year, Maria Cordero, Sheila Flavin, Idalia Luna, and Mayra Rodriguez represented our school.

The girls are interviewed privately by the judges and submit transcripts and autobiographies. After two weeks of rehearsals, the Pageant itself seems just a short night of tension and excitement. There are three portions to the final presentation: poise and appearance, talent, and physical fitness.

Sheila took first place in the Talent Category, as did Mayra in the Scholastic category. Mayra also brought SHM the honor of being named Junior Miss of Montebello for 1974.

foreign
study
league

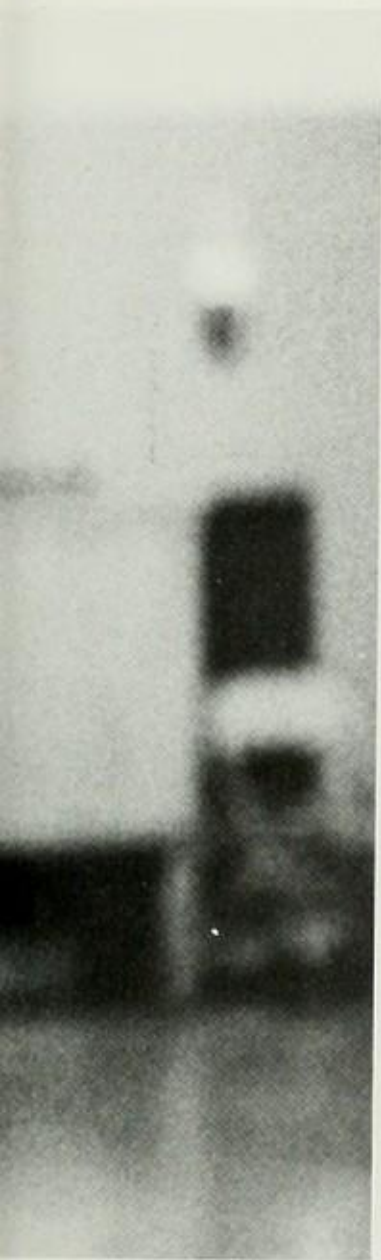

Every year, students of S.H.M. are invited to participate in the Foreign Study League's European Study Tour. This past summer, two of our seniors, Rose Ann Ramos and Mayra Rodriguez, took advantage of this opportunity and spent six adventurous weeks traveling throughout Europe.

Spain, the land of Flamenco dancing and bull fights was first on the itinerary. In Spain, the group toured Madrid, Segovia, Toledo, and La Granja visiting such famous landmarks as the Prado Museum, the Valley of the Fallen, and the Royal Palace. After a week's stay, they flew to Italy and toured the ancient streets of Rome marveling at the Coliseum, the Roman Forum, the ruins of Hadrian's Villa and the Tivoli Fountains. They also were present for a Papal audience at the Vatican. From Italy the group journeyed to Austria and stayed in the small picturesque town of Hallein. After a week in Austria, they again moved on, this time to France. Paris with its exciting night life, tiny sidewalk cafes and exotic cuisine was one of the girls' favorite cities. From there they took a ferry across the English Channel to their last stop, England. The pace quickened in England as there was much sightseeing to do during the week spent there.

Before they realized it, the final week of their tour was ended. They had many good times to remember and many new friends never to be forgotten.

winter's dream of love

Queen Rosemary and escort Manuel.

Queen and Court: Princess Cathy Davis and Joe, Queen Rosemary Gonzales and Manuel, Princess Kathy Valdivia and Art.

S.H.M.'s Christmas Dance was a memorable evening for all who attended. The theme, a Winter's Dream of Love, certainly came to pass as one walked into a room filled with soft lights and romantic music.

The night came to a climax with the crowning of the gracious Queen, Rosemary Gonzales, who was escorted by Manuel Navarrete. The beautiful Princesses were Kathy Davis, escorted by Joe Destito, and Kathy Valdivia, escorted by Art Villa.

marvelous night

In a small town, there was held in the cool evening end days of winter an annual ball. Every maiden anxiously looked forward to its arrival, when she too would be able to attend.

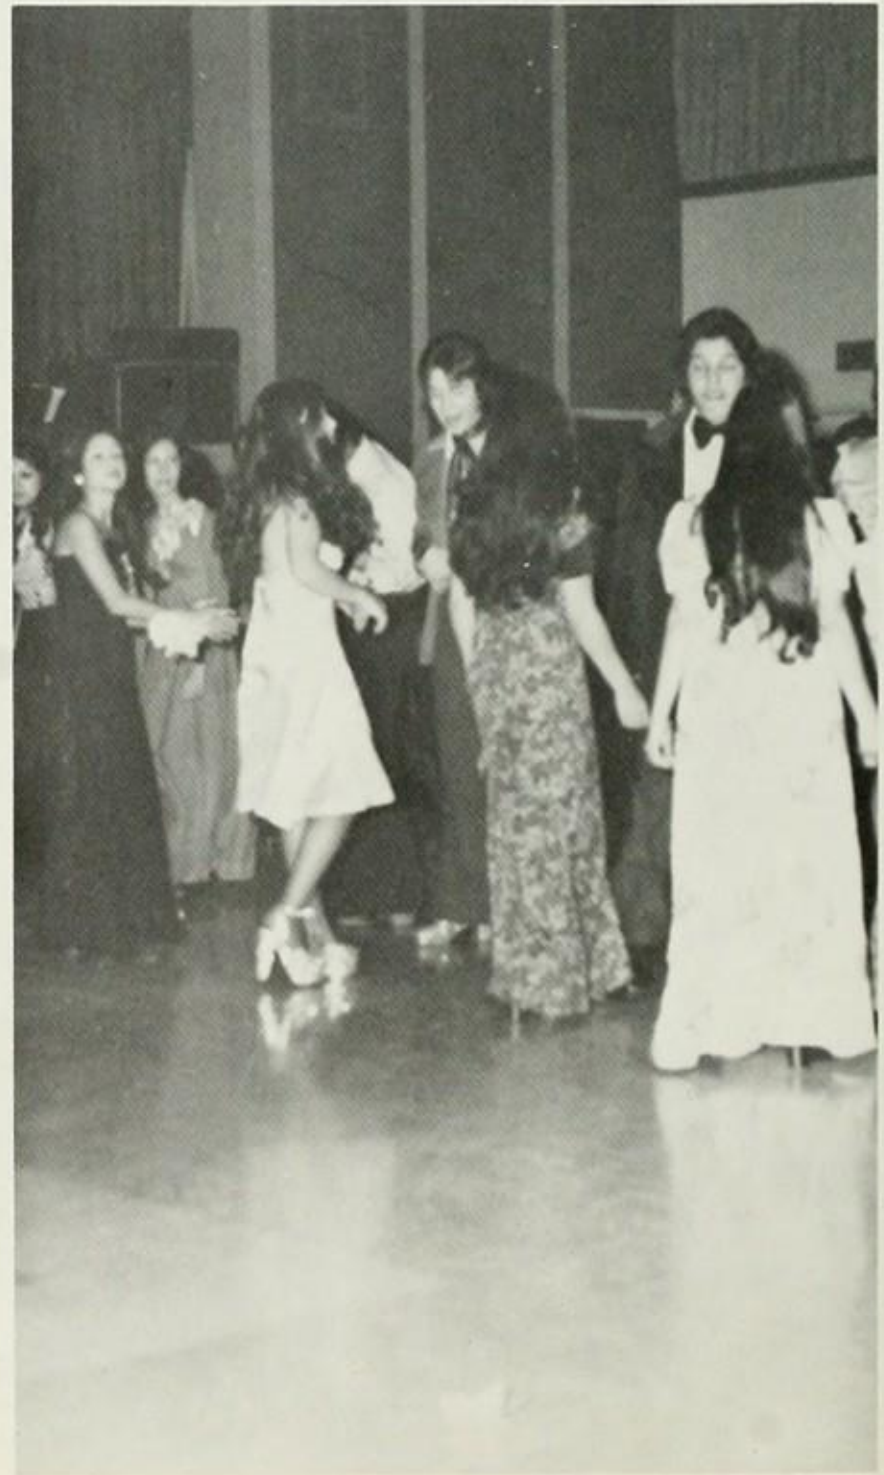

As sure as the moon hangs in the sky, the night of the ball came. On the ninth day into the month of February, the maidens dressed in all their finery started for the ball. They arrived to the ballroom transformed and filled with starlight and sweet music while dancers whirled around to the sounds.

As time flew into the night, the announcement of the Queen came. Which of the fair princesses, Judy de Lao, Gracie Saucedo, or Irene Serna was it to be? She was named — it was Queen Gracie Saucedo who reigned over the night. Everyone shared in her joy and happiness.

The night ended all too soon, and the maidens left reluctantly with fond memories of that time. It had been a marvelous night for a moondance.

Watch that serve!!!!

For the first time in SHM's sports activities history, we were fortunate to get together with our moms, but the situation this time was not too pleasant for the moms. We competed in a so-called volleyball game, which after a while gave the girls a little something to think about.

All in all, it turned out to be a pleasant experience for daughters and their mothers (even though they were a little sore for a week).

Such skill and determination!!

faculty-student volleyball game

Right after the January finals, the students challenged the faculty members to an out-and-out volleyball game. The faculty, eager to prove they were still physically fit as ever, accepted. Led by their able coach, Ms. Wagner, and their very own faculty cheerleading squad (whose original cheer "Just remember the grades aren't in, you can still let us win!" decided the course of the game), they gave the unsuspecting students fierce competition. As the game progressed, the students tried to conquer their worthy opponents. Their efforts in vain however, the faculty victoriously walked off the battlefield proclaiming their win, while the dejected students admitted their defeat with a sigh.

Coach Wagner and the bench behold their team's efforts.

basketball

This year's basketball season was headed by our new coach, Ms. Arndt, with feelings of good sportsmanship and unity. Ms. Arndt brought our team together and led us to the St. Anthony's Tournament. It is here that our spirit is compounded into one, and even if we are defeated, it's only for awhile until we can rearrange ourselves and come back even stronger for next year.

Ms. Arndt, softball coach for S.H.M., believes very strongly in initiative and good sportsmanship among her girls. She is head strong on being "number one" this year, and she knows we can achieve this by working as a unit.

This year we also added a new addition to our league. St. Joseph's High School is now a league contender.
